SBI Q2 net profit jumps 52% on higher NII and fall in provisions

State-owned lender expects credit to grow at over 8% this year, against earlier guidance of 7%

ABHIJIT LELE
Mumbai, 4 November

Despite subdued credit offtake, the country's largest lender State Bank of India (SBI) posted a 51.88 per cent growth in net profit for the second quarter ended September 2020 (Q2FY21). Its profit after tax, on a standalone basis, rose to ₹4,574 crore in Q2FY21 from ₹3,012 crore in Q2FY20 on the back of a steady rise in net interest income and a dip in provisions for bad loans. Net profit for Q1FY21 was ₹4,189 crore.

However, the lender flagged the risk of a rise in stress, especially in the loans to agriculture and small and medium size enterprises, in the coming months. The bank's stock closed 1.12 per cent higher at ₹207.05 per share on the BSE.

The net interest income (NII) grew 14.56 per cent to ₹28,181 crore in Q2FY21, from ₹24,600 crore in Q2FY20 and ₹26,642 crore in Q1FY21, while the net interest margin (NIM) improved by 12 basis points (bps) to 3.34 per cent in Q2FY21 against 3.22 per cent in Q2FY20, and 3.24 per cent in Q1FY20.

Other income was flat at ₹8,528 crore in Q2FY21, from ₹8,538 crore a year ago quarter. It was ₹7,957crore in Q1FY21.

Provisions and contingencies declined to ₹10,118 crore in Q2FY21 from ₹13,138 crore in Q2FY20. The provision coverage ratio (PCR) stood at 88.19 per cent in September, from 81.23 per cent a year ago. PCR was 86.32 per cent in Q1FY21. The bank's gross non-performing assets (NPAs) declined to 5.28 per cent, from 7.19 per cent in September 2019, and 5.44 per cent in June 2020.

Net NPAs declined to 1.59 per cent from 2.79 per cent in September 2019. It was 1.86 per cent in June 2020.

Also, on a proforma basis, the bank saw slippage of ₹14,388 crore from accounts which were standard as of August 31, 2020, but not stamped as bad loans in line the Supreme Court's interim verdict. The agriculture and MSME sectors have a large share in such slippages.

But for the Supreme Court verdict, the GNPA and NNPA would have been 5.88 per cent and 2.08 per cent, respectively, said the statement.

During a media interaction, the bank's management said lockdown collection and renewal of crop loan was impacted as bank staff could not reach out to farmers. Also, it was difficult for farmers to approach branches, leading to slippages. Now these crop loans will be renewed. Already ₹6,000 crore worth of loans from this pool have been restored in October.

Going forward, the bank may see some kind of stress in small and medium enterprises, and in the agriculture sector too, said Chairman Dinesh Khara. SBI expects one-time restructuring of ₹13,000 crore till December 2020 mostly for corporates and MSMEs and said it has received requests for restructuring of loans worth ₹6,495 crore. None of them is large companies.

Credit grew 6.02 per cent (on a year-on-year (YoY) basis) to ₹23.8 trillion, mainly driven by retail (personal) advances (14.55 per cent, YoY) and agri advances (4.19 per cent, YoY).

Khara said most high-frequency indicators (Apple mobility, PMI manufacturing and services, petrol consumption and air quality) were in the positive, showing improved economic activity. Against this backdrop, the lender expects credit to grow at over 8 per cent in FY21, against the earlier guidance of 7 per cent.

Total deposits grew 14.41 per cent to ₹34.7 trillion in 12 months to September 2020. Of this, current account deposit grew 8.55 per cent while saving bank deposits saw an increase of 16.28 per cent.

Pre-packaged scheme, special rules for MSMEs in amendments to IBC

Changes likely to be tabled in Winter Session of Parliament

RUCHIKA CHITRAVANSHI
New Delhi, 4 November

The insolvency law committee and a group of ministers are considering various amendments to the four-year-old Insolvency and Bankruptcy Code (IBC), some of which are likely to be introduced in the upcoming Winter Session of Parliament, a senior government official told *Business Standard*.

The issues being taken up on priority by the committee, set up by the Ministry of Corporate Affairs (MCA), include introducing a pre-packaged scheme for corporate insolvencies, a special framework for micro, small and medium enterprises (MSMEs), and steps to reduce the delay in admission and disposal of cases.

"Amendments are always need-based and matters of urgent nature will have to be dealt with. Issues are being thrashed out by the committee which will make its recommendations soon... It is an evolving law," the official said.

The committee is evaluating suggestions received from industry associations and the Insolvency and Bankruptcy Board of India (IBBI), according to the official.

Various sub-committees have also been set up by the MCA to look into framing rules to make the insolvency process of MSMEs smooth, and flesh out finer details of the pre-packaged scheme.

Both the schemes have been finalised by the IBBI. The pre-packaged schemes — popular in the United States and the United Kingdom — involve an agreement by the stressed company and its creditors with a buyer before initiating insolvency proceedings.

The special insolvency framework for MSMEs is likely to allow the insolvent debtor to retain possession of the company till a resolution is reached. All important decisions, however, will have to be finalised by the committee of creditors.

The MCA is likely to introduce some of these amendments in the Winter Session, in December. "We still have some time to frame the policy to address the most pressing issues," the senior official added. He also said some of the issues can be dealt with by taking administrative steps such as setting up of more benches of the National Company Law Tribunal (NCLT), while some would require amendment to the IBC law.

The committee is also deliberating on the likely scenarios after the suspension of provisions related to initiating corporate insolvency is over. Currently the law cannot be invoked by lenders, with the suspension coming to an end in December. It can, however, be extended till March.

"We are keeping a close watch on the situation and the decision regarding further extension will be taken closer to the date," the senior official said.

Some of the suggestions being made to the committee include allowing a stressed company to resolve parts which can continue to operate and liquidate parts where no value can be recovered. Several industry members have also asked the government to increase the period of moratorium which currently gets over right after a plan is approved by the NCLT.

One of the proposals to avoid frivolous litigations such as those filed by disgruntled promoters or operational creditors is to increase the fee for filing an application in the NCLT.

The last amendment to the IBC was done through an Ordinance in June this year to suspend sections 7, 9 and of the Code that allow lenders, operational creditors and promoters to trigger insolvency against a company.

HPCL doubles net profit, okays ₹2,500-cr buyback

AGENCIES
New Delhi, 4 November

Hindustan Petroleum Corp (HPCL) on Wednesday reported a twofold jump in its second quarter (July-September 2020, or Q2) net profit on the back of a surge in refining margins and inventory gains, and announced a ₹2,500-crore share buyback plan as the management said it felt the share price was lower than the value it deserves.

Net profit was ₹2,477 crore compared to ₹1,052 crore a year back, HPCL Chairman and Managing Director Mukesh Kumar Surana told reporters on a call. "The significant improvement in the profitability in spite of challenges including lockdown due to Covid-19 pandemic was a result of strategic planning in refinery and marketing operation, containing the contraction to less than the industry, efficient inventory management and effective production placement," he said. Gross sales revenue at ₹61,340 crore was lower than ₹66,165 crore of Q2 of the previous financial year due to lower oil prices.

The firm earned $5.11 on turning every barrel of crude oil into fuel in the second quarter of 2020-21 fiscal year as compared to a gross refining margin of $2.83 a barrel.

This included a $2.33 per barrel inventory gain from buying cheaper crude oil earlier and processing in Q2. This translated into ₹1,780 crore of gain. Besides, the firm also had a forex gain of ₹524 crore, he said.

In a stock exchange filing, the firm said it will buy back up to 100 million shares for no more than ₹250 apiece.

Day 3 of auctions: JSPL wins back Gare Palma mine in Chhattisgarh

SHREYA JAI
New Delhi, 4 November

In a déjà vu of sorts, Jindal Steel & Power (JSPL) emerged the highest bidder for the Gare Palma-IV/1 coal mine in Chhattisgarh. JSPL quoted 25 per cent premium on the revenue share to the state. The mine belonged to the company before 2014 when a Supreme Court (SC) judgment cancelled all the coal block allocations made over two decades. It achieved the highest production before the SC judgment.

In 2019, JSPL won this mine in an auction held by the Centre for awarding mines for captive/self-use. The bid was cancelled by the Ministry of Coal, citing the bid to be "low".

For the first time, the Centre is conducting an auction of coal mines for commercial mining and sale to private companies. It amended the Coal Mines (Special Provisions) Act, 2015, in May. The two-part auction commenced last month when companies submitted their technical bids comprising eligibility and initial price offer for 19 of the total 38 coal blocks on offer.

The second and final round of e-auction started on Monday and 12 mines have been offered so far. Vedanta, Hindalco, Adani and several newer players have won mines.

On Wednesday, the highest bid was received for the Gotitoria East & West mines in Madhya Pradesh (MP). Kota-based mining and quarrying company Boulder Stone Mart quoted the highest closing bid of 54 per cent premium on the revenue share.

Another mine in MP, Urtan North saw the highest closing bid of 9.5 per cent on the revenue share by JMS Mining. This Kolkata-based mining technology provider has won two mines of the same cluster in the ongoing auction. It won Urtan mine by quoting the highest closing bid of 10.5 per cent on the revenue share.

According to the auction methodology, the bid parameter is on a 'revenue-share' mode. The participants bid for a percentage share of revenue payable to the state government from the production and sale of mined coal.

OCTOBER AUCTION

CIL sees 190% jump in bookings

SHREYA JAI
New Delhi, 4 November

State-owned miner Coal India (CIL) witnessed a record 190 per cent increase in the volume of coal booked through its e-auction in October, on the back of increased demand from the power sector and several unstructured coal buyers.

It booked 16.8 million tonnes (mt) of coal in October, compared to 5.8 mt in the corresponding month last year.

During the first seven months of the current financial year (FY21), the firm booked 59 mt of coal in e-auctions, a growth of 90 per cent over the corresponding period last year.

In July, CIL launched a special category of e-auction for companies and traders which import coal to meet their requirements. Under this, 1.6 mt of coal was booked.

"The steep growth bodes well for CIL as it signals strong demand resumption for coal after a Covid-19-led hiatus," said a company statement.

Apart from long-term fuel supply agreements with power plants and several non-power companies, CIL also periodically holds e-auctions of coal for several industries.

The miner fetched a 13% premium over notified price for the coal auctioned

In the special forward e-auction for the power sector, 6.5 mt was booked in October, compared to 2 mt in September. The volume booked by the unstructured coal market, consisting of consumers and traders having no direct access to coal, was 5.4 mt. It was 2.4 mt in September.

CIL fetched a 13 per cent increase over the notified price for the coal auctioned during October. In the special spot auction for coal importers, the premium received was 14 per cent over the notified value.

The company said till October this year, it has earned a premium of 10 per cent over the notified price.

With the onset of the Covid-19 pandemic, CIL brought down the reserve price of auctioned coal close to zero during the first half of FY21.

In October, CIL introduced an add-on ranging from zero to a maximum of 10 per cent over the notified price to test the market trend, said a company executive.

"From November, we have reverted to the pre-Covid status where subsidiaries of CIL will determine their own add-ons. We are confident of stable auction sales and increased premiums in the ensuing months," said the executive. The company is planning to focus more on the non-power segment as power plants have a comfortable supply situation.

Given the excessive coal stock available with CIL, the Ministry of Coal also recently approved the company's plan to supply 100 per cent of the normative requirement of the thermal power units.
