2 NEWS **FE SUNDAY**

FROM THE FRONT PAGE

M&M gives in...

In the strongly worded press statement, M&M added that it will challenge IndiGo's claim to keep what it called an 'unhealthy precedent' at bay. "We believe the claim by IndiGo is baseless and if not challenged, will set an unhealthy precedent of monopolising alphanumeric 2-character marks, despite our mark being distinctive and different. This will be enormously constraining for all companies across industries and sectors," the statement said. The case, which came up for hearing on Tuesday, is now scheduled to be heard on December 9.

M&M also reminded IndiGo of its previous conduct, citing the example of Tata Motors' sedan named Indigo. "We would like to point out that in the past, Tata Motors had objected to InterGlobe using the IndiGo mark, given their 'Tata Indigo car brand. InterGlobe continues to use the mark IndiGo in a different industry and business. We, therefore, find their objection to BE 6e to be inconsistent with their own previous conduct," the M&M statement added. The '6E' of IndiGo is the unique code allotted to it by the International Air Transport Association (IATA), a trade association of world's airlines. IndiGo's flights are defined by this code followed by the flight number.

While Mahindra has applied for trademark registration under class 12 (vehicles) for "BE 6e" as a part of its electric origin SUV portfolio, IndiGo had claimed that the "6E" mark has been an integral part of IndiGo's identity for the past 18 years and is a registered trademark.

"Any unauthorised use of the '6E' mark, whether standalone or in any form, constitutes

an infringement of IndiGo's rights, reputation, and goodwill. IndiGo is committed to taking all necessary and appropriate steps to safeguard its intellectual property and brand identity," an IndiGo spokesperson had said on Tuesday.

RBI governor...

Das took charge with a conciliatory yet firm approach, emphasising the RBI's autonomy while maintaining open lines of communication with the government. One of Das's defining challenges was the economic crisis triggered by the Covid pandemic. Under his leadership, the RBI implemented unprecedented monetary easing, slashed the repo rate to a historic low of 4% in 2020, and introduced measures like loan moratoriums and liquidity infusion packages. Das's tenure has seen a delicate balancing act between fostering growth and controlling inflation, especially amid global pressures like rising crude oil prices and geopolitical tensions. Despite global headwinds and supply-chain disruptions, Das has largely managed to bring down inflation through monetary policy interventions. From hitting the peak of 7.79% in April 2022, CPI inflation has cooled and is hovering in the range of 5-6%. His policies have balanced the dual objectives of controlling inflation and fostering economic growth.

With no new launches in the near future, midsize sedans sales will remain under pressure. These may rise marginally with the expected facelifts of cars such as Virtus and Slavia next year, but won't be able to challenge the dominance of even a single good-selling SUV.

Clearly, live entertainment is booming in India. The concerts and music events industry stands at ₹805 crore, and will cross the ₹1,000-crore mark by end-FY25, as per an EY report titled The Music Creator Economy – The Rise of Music Publishing in India, 2023.

A recent analysis by Bank of Baroda highlighted how live concerts and entertainment events in India have generated an estimated spending of ₹1,600-2,000 crore in the past two-three months alone.

Other music festivals like Magnetic Fields, Mahindra Kabira, etc, are all seeing more and more participation each year. "The concert has resonated with partners and sponsors, bringing in 2-3x sponsorships. Echoes of Earth will debut in Goa in February 2025, and we will add more cities and countries going ahead. The fest today sees 80% exponential growth from pre-covid to post-Covid in tickets and sales," said Roshan Netalkar, founder and festival director.

Arpito Gope, chief consultant, Task Force for Music & Arts (TaFMA), a state department created by the government of Nagaland to promote artistes, told FE: "Very few cultural festivals have attained this longevity and success in converting Hornbill to a mega conclave. Partnerships contribute values well above ₹1 crore or more in sponsorship and other associations. Last year, over 40 bands performed on stage, featuring nearly 800 artistes."

As per BookMyShow, footfalls for live entertainment went up by nearly 82% in 2023 over the previous year and reached 13.5 million with promising numbers from Delhi-NCR, Mumbai and Hyderabad and fans from Tier-II cities such as Lucknow and Bhubaneswar. The footfall from tier II cities increased by nearly 22.5%. For festivals like Magnetic Fields, location is the USP. Celebrating its 10th edition this year in Rajasthan, the event attracted over 5,000 people in 2023. "Such festivals offer a varied experience over playing at a venue or club," said Munbir Chawla, co-founder and festival director, who said tickets are a big source of revenue besides collaborations with brands such as Budweiser, Jameson, Ray-Ban and Corona.
