EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

The following statement sets out all material facts relating to the special businesses mentioned in the accompanying Postal Ballot Notice:

ITEM NO. 1

The Textile Engineering Business has been making losses over the past several quarters which in turn is dragging down the overall performance of the Company. Due to the Poor performance of textile engineering business overall financial position, critical financial Ratios of the Company are adversely affected. As a result, thereof the valuation for all the stakeholders of the company is adversely affected. Due to the adverse ratios, the Company is not in a position to undertake meaningful expansion for its other business segments. For the improvement of financial position and critical Ratios and positive value creation on all the stakeholders of the company, it is proposed to transfer the Textile Engineering Business on a slump sale basis of Nfinia Industries Private Limited.

The Executive management of Harish Textile Engineers Limited (HTEL) including the promoters, directors and officials have been continuously interacting with the investor fraternity over the years. A view that has emerged from these interactions is that the investors view the Textile Engineering Business Undertaking as a drag on the overall business operations of the Company as the return ratios of the core operations get diluted after factoring in the results of this segment while evaluating the entity as a whole.

Also, the prospects of this undertaking when compared with that of the core business operations give a completely different picture, especially with respect to the imminent inevitable replacement capex that the Textile Engineering Business warrant, though the same does not necessarily bring in the requisite incremental revenues when compared with the capital outlay involved.

Going ahead, the management wishes to position Harish Textile Engineers Limited (HTEL) as an entity focusing on Non-woven and PSF business which are profitable and have huge scope of expansion and scaling up. The Company had explored options to sell off this undertaking to an independent third party however no satisfactory response could be seen with regard to this transaction. Promoters, having started this undertaking, have stepped in and are agreeable to take over the operations on a going concern basis and hence the said transaction. As such, it is proposed that the operations of this undertaking be hived off completely from Harish Textile Engineers Limited (HTEL) and that this undertaking be sold as a going concern by way of a slump sale.

The shareholders of the Company be and is hereby informed that the Company with an

objective to improve the financial health and long term viability of the Company's business and with a view to reduce the overall debt obligations of the company, the Board of the Directors in its meeting held on July 27, 2023 has proposed to transfer the Business Undertaking i.e "Textile Engineering Business Undertaking" from the Company to Nfinia Industries Private Limited, the Business Undertaking means the Company's Undertaking "Textile Engineering Business Undertaking" includes all movable and immovable assets and liabilities such as Trade Receivables, Inventories, Other Current Assets, Trade Payables, Loans, Current Liabilities and Provisions etc. pertaining to such identified Textile Engineering Business Undertaking.

Valuation of the Business Undertaking has been carried out by the independent valuers i.e. M/s Vivro Financial Services Private Limited a category 1 Merchant Banker registered with SEBI having Registration number INM000010122 and they have issued the necessary valuation report which is also in compliance with the Listing Regulation guidelines.

Upon the proposed hiving of the Textile engineering Business, the Company will have the profitable businesses of Non-woven and PSF. Both these businesses offer excellent scope for expansion and scaling up. Upon the proposed slump sale of the Textile Engineering Business all the critical financial parameters of the Company will substantially improve and this will pave way for sustainable value creation for all the stake holders.

The overall liabilities of the identified undertaking as at 31st May, 2023 is Rs 36.47 Crore as against the adjusted total book value of the assets of the said undertaking is Rs 27.97 Crore hence resulting into a negative net worth amounting to Rs 8.5 Crore. As per the independent valuer report, the valuation of the said undertaking is as appended as below.

Particular	Rs. in Crore
Gross Assets	27.97
Gross liabilities	36.47
Net assets	(8.50)

Section 180 (1) (a) of the Companies Act, 2013 makes it mandatory for the board of directors to obtain shareholder approval vide special resolution before sale of the whole or substantially the whole of an undertaking by the company. For the division to qualify as an "undertaking", the division should be either (i) an undertaking in which the investment of the Company exceeds 20% of its net worth as per the audited balance sheet of the preceding financial year or (ii) an undertaking which generates 20% of the total income of the company during the previous financial year. Albeit these defined conditions may not apply in the instant case, the Board of Directors of the Company have considered

the fact that the Textile Engineering Business Undertaking has separate identifiable business model, assets, revenues and expenses and is capable of being considered as an “*undertaking*”, and has historically, been recognized and recorded in the financial statements as a separate segment. On this basis consent of the members of the Company has been sought for the proposed transfer of the Engineering Business Undertaking.

The promoters wish to continue operating the Textile Engineering Business Undertaking in their individual capacity independently from Harish Textile Engineers Limited. It may be noted here specifically that the operations of this division do not warrant a continued business focus on part of the promoters contrary to that required for the other business operations. As such, by continuing the existing workforce as also by setting up independent maintenance infrastructure, the promoters believe that they can handle the Engineering Business Undertaking in a separate entity owned by them without diluting their focus in the PSF and Non-Woven business of Harish Textile Engineers Limited.

The management has already obtained an independent valuation report from M/s. Vivo Financial Services Private Limited a category 1 Merchant Banker registered with SEBI having registration no.: INM000010122. The management of the Company is of the view that since the fate of the transaction would be decided by the non-interested shareholders, a fair and independent valuation having being obtained as also given that no dilution being envisaged in the availability of promoters to attend to the other (PSF and Non-Woven business) business, it would be in the interest of the Company to transact the same.

Given that the promoters propose to acquire the said Textile Engineering Business Undertaking, Mr. Sandeep Gandhi, Managing Director is interested in the said transaction.

Except Mr. Sandeep Gandhi, Managing Director and his relatives, none of the Directors and Key Managerial Person (KMP) or their respective relatives is interested financially or otherwise in the resolution set out at item no. 1 of the accompanying notice.

The directors recommend the resolution set out under Item nos. 1 accompanying Notice to the members for approval by way of Special Resolution.
